Preamble

Sahid Kshudiram with whose name the College is adorned was a great revolutionary. The tale of his life is written in the letter of gold in the annals of our struggle of freedom. He was born to Trailokya Nath Bose and Lakshmipriya Debi at Moubani at Keshpur in the undivided historic District of Midnapore. Right from his infancy days he was brought up by his elder sister Anurupa Devi who bought him from her mother at the expense of handfuls of fragmented grains. This was a custom widely prevalent in rural Bengal to guarantee the survival of a male child in a family which witnessed premature deaths. He lost his parents very early. He received his education first in Tamluk Hamilton High School and thereafter in Midnapore Collegiate School. However, he gave up his studies in his teen at the clarion of “Swadeshi Movement”. Bengal was then a boiling cauldron—it was all arms up against Lord Curzon, the typical British Imperialist who settled for the partition of Bengal in conformity with much professed Divide and Rule policy. The firebrand youths were not in a mood to offer passive resistance but championed the cause of militant nationalism. He became associated with such secret groups as Jugantar and Anushilan Samiti. The ideals of legendary nationalists like Aurobinda Ghosh, Brinadra Kumar Ghosh, Hemchandra Kanungo, Satyen Basu exerted much influence on him. At the time, Kingsford, the Presidency Magistrate, earned much notoriety as he used his position to inflict vehement torture on freedom fighters. In fact, he was despised with the nick name “Kaai Kaji”. Kshudiram Bose and Prafulla Chaki were entrusted with the task of annihilating Kingsford who was working as District Judge of Muzaffarpur. On 30th April, 1908 they hurled a bomb in order to kill Kingsford who was supposed to come out of Planters Night Club in horse-drawn carriage. Unfortunately, one Mrs. Kenedy and her daughter, both innocent Europeans, succumbed to injuries. Prafulla Chaki committed suicide to evade arrest. On the other hand, Kshudiram Bose was caught by the British Police. He was convicted and sentenced to death through hanging by the neck. The verdict was executed at dawn on 11th August, 1908. Thus Kshudiram laid down his precious life to free his motherland from then shackles of the colonial rule. It beggars description that his martyrdom galvanized thousands of his countrymen in the war of independence. Even today when we talk of exemplary heroism, steely temperament, peerless patriotism and self-sublimating service, we drumbeat his name. Sahid Kshudiram defied death by virtue of his glorious deed, devotion and dedication. This institution of higher learning is a befitting tribute to the memory of an object lesson to one and all.

“They never fail who die in a great cause” - Byron

The Genesis of Movement

Debra block was located almost in the heart of the undivided district of Midnapore. It was the fourth most populated area. Now a part of the Block borders on the District of Purba Medinipur. The communication network has also been very strong. Not only S.E. Railway line but also the National Highway No. 6. has crossed through the Block beside the P.W.D. pucca road. Because of the better amenities people of neighboring Blocks like Pingla, Sabong & Mayna have gathered and settled here. Though the main occupation of the inhabitant is agriculture and allied work, in course of time many have turned to industry, business & service. In keeping with their rising needs, hopes and aspirations, Primary, Secondary and Higher Secondary education expanded. But establishment of a college remained a remotereality. Right from late 1950 sporadic attempts have been made but to no effect. Mean while, the surrounding blocks have seen the blossoming of new colleges. In 1972, some land was made available at Gangaramchak Mouza in the form of donation. On 4th May, 1975 a big education convention was held, which toyed with various alternatives like polytechnic, General degree college, Agriculture Institution and Junior Basic Training College. The out come was inconclusive. With the introduction of 10+2+3 pattern in 1976 and independent non – integrated H.S. Institution named as Debra UchchataraMadhyamik Vidyalaya (Known as Aurobinda College in the locality) was set up as stepping stone to higher education. Subsequently, it was resolved that the said institution will be upgraded in degree college but no headway could be made. In early 1990, a fresh initiative was undertaken but it did not crystallize. Meanwhile, H.S. section were disintegrated from colleges. Therefore, setting up a degree college as a separate entity became a bare necessity. Against this backdrop, persons interested in education sat together and decided to form Debra Education and Development Society in 2005. The Society immediately plunged in action. It is exhilarating to note that the Society's endeavor has borne fruit. The College got affiliation with Vidyasagar University in 2006 with due approval from the Department of Higher Education, Govt. of West Bengal.

FROM THE DESK OF PRINCIPAL

Welcome to the official website of Debra Thana Sahid Kshudiram Smriti Mahavidyalaya (established in 2006). Named after the famous Bengali revolutionary Kshudiram Bose (1889 – 1908) the College has committed itself to the goal of providing quality education to the students who are generally coming from a relatively backward region. The College is also keen to give equal attention to the all-round improvement of the students and to provide them with the adequate opportunities to develop their creative and artistic talents, scientific excellence and sportsmanship.

Our motto is to impart holistic education to our students, to make a complete person of a student who enters this institution. The task is especially challenging to us since a majority of our students are not only economically backward but are also first generation learners. Apart from formal education emphasis is given on extracurricular activities. We believe that our students are a store house of talents and to polish and nurture this potential a lot of activities are arranged throughout the year. Our dedicated faculty members attempt whole-heartedly to inspire the present and future generation of students because we believe that one lamp can light several others.

We are determined to help our future generation to build a 'brave new world' where compassion, harmony, fraternity and empathy will rule. I wish all the students a fruitful stay in the College and extend the 'Debra College Family' with the support of faculty members, members of the administrative staff, alumni, parents and other academic bodies with whom we collaborate.
